Chapter 1 by Rasmus Vinther

I try to look into my locker, i must resist and not look at her, even though it's hard. I just can't stop thinking about her, she's perfect with her long brown hair, blue eyes and her great personality, besides she's got a rockin body, thats the last thing i say before i cant resist anymore i look to my left and there she is, peferct from top to toe. Hi she says as she walks on by and the only thing i manage is a minor awkward smile and a nervous "hi". Why has talking to girls always been so hard for me? i mean my sisters are easy to talk to, but they only talk about boys and we can't really have a conversation about this girl "Lucy's" her name and i think im in love with her.
